

Best Operations, Inc.

McDonald's Donation/ Discount Application

All requests must be received at least 14 days in advance of scheduled event

A message from the owners,

We are proud to serve the Citizens of Asheville, NC. We consider ourselves very fortunate our community has welcomed and supported us through the years we have owned and operated our McDonald's business. It is both our pleasure and our responsibility to give back to our community.

It is our pleasure to give serious consideration to the support of your event. Your request may or may not be granted depending upon a wide range of factors included by not limited to legal considerations, time frames, the percentage of benefit actually reaching its intended source, and the number of projects we may be supporting at any given time.

In order to ensure that your request may be implemented properly, we hope you will understand that we should receive your request 14 days prior to your scheduled event. We need this time to process your request and ensure the appropriate personnel are notified, this is a necessary step to ensure a smooth transaction.

Please be aware of restrictions on our part in terms of a food donation. There are some foods that do not travel well or that on arrival, or a later time, will not uphold the standard or quality of food McDonald's serves at the store. No applications will be approved that are for the resale of any McDonald's product.

Please thoroughly complete the information requested on this application and return it to us using one of the methods shown below. If using mail, the application will need to arrive on or before the 14 day submittal date. Thank you for also supporting our community, for choosing McDonald's and for your continued support.

Don and Lois Rasnick
Owners

Please send completed application using one of these methods
